Every industry has unique workflow needs. Toshiba has

## CONNECT. INTEGRATE. SIMPLIFY.

### Technology for every office, delivering advanced functionality, ease of use and peace of mind.

Every industry has unique workflow needs. Toshiba has developed customisable MFPs to make your job easier. Intuitive and smartly integrated, our products simplify complex tasks and give you control while providing the reliability Toshiba is known for.

Toshiba's latest series delivers on our promise of Together Information – our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet specific print, document management and content needs while helping you to meet your green objectives.

- Speeds of 25, 30, 35, 45 and 50 PPM
- High-volume and high-toner yields
- Advanced e-BRIDGE technology
- Fast dual-core processor

### Produce more with less effort.

The Toshiba e-STUDIO5008A series is designed to put a fast, efficient, secure MFP in the hands of small and medium workgroups. Not only is it high-volume, it also produces high-quality type and images.

- Impressive resolution with new laser design providing 2,400 dpi x 600 dpi
- A time-saving, high-speed, high-capacity 300-sheet optional Dual-Scan Document Feeder
- Up to 150,000 maximum monthly copy volume
- Excellent black toner yields up to 43,900 pages at 5%

The same power and performance typically enjoyed only by larger businesses is now available for smaller groups and companies. After all, size does not have to limit capability, nor production, especially thanks to Toshiba's e-STUDIO5008A series.

### Simple, smart and stylish.

A new 9" tablet-style touch screen with an embedded web browser is easy to use and customisable to meet your needs. And, it is part of the bold new look being introduced across the new e-STUDIO series.

# A COMPACT DESIGN THAT LEAVES NOTHING OUT.

Small to medium workgroups need to get a lot more done often using fewer resources and minimal space. That's the thinking behind the e-STUDIO5008A series, too. Plenty of functions, lots of capacity, and a small footprint with a fresh, new look.

*Dual-Scan Document Feeder* holds an amazing 300 originals and boasts an impressive 240 images per minute (IPM) by scanning both sides of the page in a single pass.

*Fast Warm-Up Time* is 20 seconds from off and 12 seconds from the Low-Power Mode.

*First Copy Out Time* clocks in at 3.6 seconds for 35-50 PPM models and 4.3 seconds for 25-30 PPM models.

*Print Around* eliminates printing bottlenecks by allowing other print jobs to go around one job that's held-up due to requiring a specific paper size or type.

*Limitless Job Reservation* will queue up multiple copy or print jobs so users can send jobs whenever.

*Saddle/Fold Capabilities* offer saddle-stitch finishing and the ability to fold without stapling.

*Scan-to and Print-from USB* lets you print straight from your USB drive or scan documents to it.

*Advanced e-BRIDGE Technology* enables the MFP to drive Toshiba's internally developed solutions or those from a third party with ease.

*Notifications Feature* takes the hassle out of checking for depleted supplies or maintenance needs.

*Paper Volume Indicators* on the front panel make it easy to see the paper sizes, types and levels in each cassette.

*Context-Sensitive Help Button* provides instant, thorough explanations straight from the manual to help as needed.

*Service Module Design* significantly reduces the cost and time spent servicing the MFP.

# TOSHIBA TECHNOLOGY AT WORK FOR YOU.

At Toshiba, we work hard to make your work easier, and more productive. In fact, we haven't even mentioned all of our impressive features, like PCL 6, PS3, XPS support and universal drivers that offer connectivity to Windows®, Macintosh® and more. Then there are driver plug-ins such as Job Point that splits large jobs over multiple machines, Job Replicator for multipart form replacement, Job Separator for batch printing with any Windows app, and Job Build to print different documents together as a single job.

## Security for Your Business

We're constantly looking for new ways to make your work, and ours, safer, and more secure.

- A 320GB Self-Encrypting Drive (SED) with Automatic Drive Invalidation (ADI) & Data Overwrite capability provides top level security
- IPsec is available to securely encrypt data sent to and from the MFP

## Responsibility for the Planet

Innovation that is truly innovative makes certain that our environment is part of the equation, which is precisely why we're always looking for ways to be even more environmentally responsible.

- RoHS compliance, the use of recycled plastics, and Low-Power (1W) Super Sleep Mode work to help the environment
- EPEAT Gold Registered in the global registry for greener electronics, designed to help purchasers choose products that reduce environmental impact
- Energy Star Tier 2 meets the latest, most stringent requirements

# THE FEATURES YOU EXPECT, AND MORE.

## 1 Document Feeder Options

- Single & Dual-Line Facsimile
- Hidden Card Reader Pocket
- Expansive Third-Party Solutions List

The e-STUDIO5008A series includes all the features you would expect from a top quality MFP, along with a few new ones that may come as a pleasant surprise.

## In Control with the Greatest of Ease

A new tiltable, touch swipe 9" colour panel works like a tablet or smartphone interface so you can find whatever you need by just swiping your finger

## Advanced e-BRIDGE Technology

Built on Linux®, this next-generation e-BRIDGE architecture features an Embedded Web Browser, a fast dual-core processor, 4GB RAM and a 320GB Self-Encrypting Drive (SED) enabling the MFP to easily drive Toshiba's internally developed solutions or even third-party applications

## Double the Scan Speed

A 300-sheet high-speed, high-capacity Dual-Scan Document Feeder (DSDF) produces up to 120 IPM simplex and 240 IPM duplex. A conventional RADF is available for less scan-intensive businesses.

## Special Envelope Cassette

Keep your envelopes firmly in place for accurate printing from start to finish with a new envelope cassette that holds 50 at a time.

## Add What You Need, All at Once

A 1,200-sheet capacity comes standard, but if you need more, just add 2 optional 550-sheet cassettes or a tandem LCF for 2,000 sheets (A4 only) for a total capacity of 3200 sheets.

## High Volume, High Toner Yield

The monthly copy volume reaches 150,000 and an equally impressive toner yield tops out at 43,900 at 5% coverage.

## Multi-Station Print Solution

Toshiba's internally developed Multi-Station Print Solution allows users to send print jobs from their desktop and retrieve them at any convenient MFP by simply swiping their badge and authenticating at that device.
